John T Rice Infant School
Acceptable Use Agreement

At John T Rice we make sure that everyone feels safe in school at all times. Staying safe when using the computer and on the internet - whether at home or at school – is very important too. These rules will help to keep our children safe when online at school. Teachers will explain them to the children and discuss them in class. Once you have read them please sign and return to school. We have also attached the SMART rules which we use to teach children about staying safe online both at home and school.

Our School E Safety Rules

- I will only use the internet or computer when a teacher or adult is with me
- I will only use my own login and password and I will not tell anyone else what it is
- I will not look at or delete other people's files
- If I see anything that upsets me, I will tell an adult
- I will not give out any details about me – like my name or address
- I know school will check my computer and be able to see what I am doing and what sites I have visited
- If I break these rules I know I may be stopped from using the internet and/or computers
