

Art and Design knowledge organiser

Our focus

This term we will be looking at the local artist Michelle Reader. She makes unique figurative recycled sculptures from household and industrial waste combined with found objects sourced from charity shops and reclamation yards. Her sculptures sometimes have mechanical elements, using the working parts of old toys, clocks or other objects.

As part of our learning, we will be visiting Michelle's studio (located next to Welbeck Garden Centre) and having a session with her on how to create sculptures from reclaimed items.

A knowledge organiser lists the important facts, events or people and vocabulary that the children should know by the end of the unit of work. Please work with your child at home to learn this information.

Key Vocabulary

artist
sculpture
sculptor
recycled items
bend
