

Science Knowledge Organiser Year 2

Living things and their habitats

A knowledge organiser lists the necessary knowledge and vocabulary that the children should know by the end of the unit of work. Please work with your child at home to learn this information.

Necessary Knowledge

- The environment around us is full of living, dead and non-living things.
- Every animal and plant needs food to live, and they are all part of a food chain.
- Animals live in habitats appropriate to their needs.
- Different habitats provide the basic needs for different animals.

Vocabulary

- Living
- Dead
- Non-living
- Growth
- Movement
- Nutrition
- Respiration
- Reproduce
- Animals
- Plants
- Food chain
- Prey
- Predator
- Producer
- Consumer
- Habitat
- Microhabitat
